VOLTA, PERUSAHAAN PATUNGAN NFCX – MCAS GROUP DAN SICEPAT HADIR DALAM PAMERAN BALI EV FESTIVAL 2022

Booth Volta yang memamerkan kendaraan listrik Volta tipe 401 di ajang Bali EV Festival Clean Energy Transition pada 3-9 Januari 2022.

Bali, 11 Januari 2022 - Volta perusahaan patungan PT NFC Indonesia Tbk (IDX: NFCX) – MCAS Group dan SiCepat, hadir dalam pameran Bali EV *Festival Clean Energy Transition* yang dilangsungkan pada tanggal 3-9 Januari 2022 di Plaza Renon, Denpasar, Bali. Acara ini dicanangkan oleh *Dewata Electric Vehicle Association* (DEVA) yang bertujuan untuk mempercepat adopsi kendaraan listrik, serta pemanfaatan energi surya melalui PLTS Atap di Provinsi Bali.

Volta dengan bangga menghadirkan kendaraan motor listrik berbasis Sistem Ganti Baterai (SGB) dengan seri 401 di pameran ini. yang merupakan salah satu produk unggulannya.

Kegiatan ini juga merupakan bentuk implementasi dari Pergub 45/2019 tentang Bali Energi Bersih dan Pergub 48/2019 tentang Penggunaan Kendaraan Bermotor Listrik Berbasis Baterai. Menurut I Kadek Alamsta Suarjuniarta, Panitia Bali EV *Festival Clean Energy Transition*, acara ini digelar untuk mendukung komitmen pemerintah yaitu pembangunan berkelanjutan dengan memulai wacana transisi ke kendaraan listrik (Electric Vehicle atau EV) dan penggunaan energi terbarukan.

Melengkapi pameran kendaraan listrik, berbagai bengkel dan perusahaan panel surya juga turut berpartisipasi pada pameran Bali EV Festival 2022. Acara ini dibuka oleh Wakil Ketua Komisi VI DPR RI, Gde Sumarjaya Linggih, S.E., M.A.P, serta dihadiri oleh Kepala Dinas Perhubungan Provinsi Bali I Gede Wayan Samsi Gunarta, Dinas Pendidikan pemuda dan Olahraga Provinsi Bali, Perusda Bali dan Kepala Dinas Ketenagakerjaan & ESDM Provinsi Bali Ida bagus Ngurah Arda dan diisi dengan sosialisasi, serta *talk show*.

CEO PT Volta Indonesia Semesta, Iwan Suryaputra menjelaskan bahwa Volta selalu mengambil kesempatan di setiap peluang untuk memperkenalkan masyarakat dengan kendaraan motor listrik yang lebih ramah lingkungan. Sama halnya dengan DEVA, Volta juga turut mendukung pemerintah dalam percepatan adopsi kendaraan listrik.

“Kegiatan ini membawa semangat positif yang dapat menginspirasi, khususnya bagi masyarakat Bali untuk segera bermigrasi ke kendaraan listrik ramah lingkungan. Menjadi salah satu pusat pariwisata Indonesia, kini Bali tentunya lebih memperhatikan aspek lingkungan. Sebagai bentuk dukungan Volta kepada rencana pemerintah Bali dalam rangka menciptakan ekosistem yang lebih bersih dan sehat, Volta hadir memberikan pilihan kendaraan listrik dengan fitur-fitur teknologi canggih yang nyaman digunakan, tentu dengan mengutamakan Sistem Ganti Baterai yang semakin mempermudah masyarakat.” **jelas Iwan Suryaputra.**

Ngurah Angga selaku perwakilan dari penyelenggara acara Bali EV Festival 2022 menyampaikan, “Kami melihat inovasi yang luar biasa dari Volta, khususnya pada teknologi SGB (Sistem Ganti Baterai) yang dapat menjawab kebutuhan masyarakat. Harapannya, melalui ajang pameran ini Volta bisa menginspirasi masyarakat untuk menggunakan kendaraan listrik ramah lingkungan”.

Sebelumnya, Volta juga turut meramaikan ajang Indonesia Electric Motor Show (IEMS) 2021 yang dilangsungkan pada 24-26 November 2021 di Gedung Manajemen ORPPT-BRIN, Kawasan Puspitek Serpong, Tangerang Selatan. Di ajang pameran yang mengumpulkan para produsen kendaraan listrik tersebut, Volta unjuk gigi pameran motor listrik berteknologi Sistem Ganti Baterai (SGB) dengan membawa unit motor roda dua (2) yakni tipe 401 dan kendaraan roda tiga (3) tipe 501.

Press Release

VOLTA, A JOINT VENTURE OF NFCX - MCAS GROUP AND SICEPAT, ATTENDED THE BALI EV FESTIVAL 2022 EXHIBITION

Volta Booth showed off the Volta type 401 electric vehicle at the Bali EV Festival Clean Energy Transition on January 3-9, 2022.

Bali, 11 January 2022 – Volta, a joint venture of PT NFC Indonesia Tbk (IDX: NFCX) – MCAS Group and SiCepat, participated in the Bali EV Festival Clean Energy Transition exhibition held on 3-9 January 2022 at Plaza Renon, Denpasar, Bali. This event was launched by the Dewata Electric Vehicle Association (DEVA), which aims to accelerate the adoption of electric vehicles and the utilization of solar energy through rooftop power plants in Bali Province.

Volta is proud to present an electric motor vehicle based on battery replacement system (SGB) with the 401 series at this exhibition, one of the flagship products.

This activity is also a form of implementation of Regulation 45/2019 on Bali Clean Energy and Pergub 48/2019 on The Use of Battery-Based Electric Motor Vehicles. According to I Kadek Alamsta Suarjuniarta, Bali EV Festival for Clean Energy Transition Committee, this event was held to support the government's commitment to sustainable development by starting the transition to electric vehicles (EV) the use of renewable energy.

Various repair shops and solar panels companies also participated in the Bali EV Festival 2022 exhibition, which was completed the electric vehicle exhibition. This event was opened by Vice Chairman of Commission VI of the House of Representatives, Gde Sumarjaya Linggih, S.E., M.A.P, and attended by the Head of The Bali Provincial Transportation, I Gede Wayan Samsi Gunarta, The Youth Education and Sports of Bali Province, Perusda Bali and head of the Bali Provincial Employment Office &ESDM Ida Bagus Ngurah Arda and filled with socialization, as well as talk shows.

CEO of PT Volta Indonesia Semesta, Iwan Suryaputra, explained that Volta always takes the opportunity to introduce the public to environmentally-friendly electric motorcycle vehicles. Similar to DEVA, Volta also supports the government in accelerating the adoption of electric vehicles.

"This activity brings a positive spirit that can inspire, especially for the people of Bali, to migrate to environmentally-friendly electric vehicles immediately. Being one of Indonesia's tourism centers, Bali is more concerned with environmental aspects. As a form of Volta's support to the Bali government's plan to create a cleaner and healthier ecosystem, Volta presents an electric vehicle choice with advanced technological features that are comfortable to use, of course by prioritizing the Battery Replacement System that makes it easier for the community." **Iwan Suryaputra**.

Ngurah Angga, The representative of the Bali EV Festival 2022 organizers, said, "We saw tremendous innovation from Volta, especially in SGB (Battery Replacement System) technology that can answer the needs of the community. Hopefully, through this exhibition, Volta can inspire the public to use environmentally-friendly electric vehicles."

Previously, Volta also participated at the Indonesia Electric Motor Show (IEMS) 2021, held on November 24-26, 2021, at the ORPPT-BRIN Management Building, Puspitek Serpong Area, South Tangerang. At the exhibition that gathered the electric vehicle manufacturers, Volta showed off the electric motor with Battery Replacement System (SGB) technology by bringing two-wheeled motor units (2), namely, type 401 and three-wheeled vehicles (3) type 501.
