Consistently Promoting ESG Efforts, Bank Mandiri Strengthens Collaboration with Volta, MCAS Group

Introducing an electric motorcycle sales channel for eligible subsidized citizens

Ceremonial Collaboration Event of Volta Electric Motorcycles Sales on the Livin' by Mandiri Platform, held on Tuesday (30/5), took place at Plaza Mandiri

Jakarta, May 30, 2023 - Bank Mandiri continues to reaffirm its commitment to conducting business that adheres to sustainable principles that refer to environment, social, and governance (ESG) aspects. This commitment aligns with Indonesia's energy transition efforts to reduce carbon emissions while aiming for Indonesia to achieve carbon neutrality or net zero emissions (NZE) by 2060.

Bank Mandiri once again proved its consistency by strengthening its collaboration with Volta, a member of PT M Cash Integrasi Tbk Group and a subsidiary of PT NFC Indonesia Tbk. Through this collaboration, Bank Mandiri and Volta provide the convenience of purchasing Volta electric motorcycle products through the Livin' Sukha feature in the Super App Livin' by Mandiri.

“This initiative and collaboration aim to make electric vehicles more accessible and affordable for Indonesian society, in line with the Government's efforts to expand the electric vehicle ecosystem,” said **Aquarius Rudianto, Director of Network & Retail Banking Bank Mandiri**, in Jakarta on Tuesday (30/5).

Aquarius explained that in this collaboration, Bank Mandiri and Volta are further strengthening their synergy to achieve the net zero emission target by supporting the government's electric motorcycle subsidy program. “By providing a platform to purchase subsidized Volta electric motorcycles through Livin' by Mandiri, Bank Mandiri's eligible customers can easily purchase subsidized Volta electric motorcycles,” he added.

Eligible individuals can now check whether they qualify for the government assistance program by verifying their National Identification Number (NIK) through the Livin' by Mandiri application. Individuals can proceed to make purchases through the Livin' by Mandiri application if eligible. Various payment options will also be added in the near future, including Mandiri debit or credit cards, credit

card installments, salary-based financing (payroll), and competitive interest leasing products in the industry.

“For individuals who do not yet qualify for the subsidy program, they can still make purchases through several attractive programs,” **Aquarius** explained. Livin’s flexible platform is expected to provide a solution for individuals who wish to own electric vehicles.

In addition to the electric motorcycle purchasing feature, Bank Mandiri and Volta are also collaborating to promote the adoption of electric vehicles through Volta’s rental program (SEMOLIS) by offering attractive programs. Later on, online motorcycle taxi drivers who register as Bank Mandiri customers and new users of Livin’ by Mandiri will receive free Volta Electric Motorcycle Rental (SEMOLIS) services for two days in the form of a voucher worth Rp 90,000.

"This collaboration not only supports the government's environmental initiatives but also demonstrates our commitment to providing innovative financial solutions that positively impact society. Through flexible purchasing options and awareness campaigns about government assistance programs, we aim to accelerate the adoption of electric vehicles and contribute to a cleaner and greener Indonesia," he continued.

Iwan Suryaputra, Director of Volta, expressed his hope this collaboration will catalyze to enhance the effectiveness of distributing subsidized Volta electric motorcycles to the right recipients. The eligibility criteria for receiving this assistance include recipients of the People's Business Credit (KUR). With the potential of more than 700,000 KUR recipients connected to the Livin' by Mandiri application, qualified individuals will soon be able to enjoy subsidized electric motorcycles.

“Our collaboration with Bank Mandiri is part of our commitment to achieve this goal by providing an easy, convenient, and secure experience in purchasing Volta electric motorcycles,” said **Iwan**.

Managing Director of PT M Cash Integrasi Tbk, Jahja Suryandy, added that since the Indonesian government announced incentives for electric vehicles, Volta has made comprehensive preparations in various aspects, including increasing production capacity and establishing strategic partnerships. The aim is to enhance the adoption of electric vehicles by facilitating public access to subsidized electric motorcycles.

“MCAS Group is highly committed to building a massive electric vehicle infrastructure to create an ecosystem that supports environmentally friendly mobility solutions throughout Indonesia,” explained **Jahja**.

Volta has established Battery Swap System (SGB) stations, available in nearly 300 locations in various cities in Indonesia, and has more than 100 dealers. As of the end of March 2023, Bank Mandiri has provided financing for electric vehicles, amounting to Rp 143 billion.

Meanwhile, Bank Mandiri's total sustainable portfolio in the first quarter of 2023 reached Rp 232 trillion, dedicated to micro, small, and medium enterprises (SMEs), renewable energy, and clean transportation. This figure represents an increase from the same period last year at Rp 218 trillion, accounting for 24.9% of Bank Mandiri's total credit.

To further strengthen its position in the sustainable sector, Bank Mandiri is also preparing to issue a Public Offering of Sustainable Bonds, or green bonds, with a target of Rp 10 trillion. In the first phase, the company aims to raise a maximum of Rp 5 trillion.

Konsisten Dorong Aspek ESG, Bank Mandiri Perkuat Kolaborasi dengan Volta, MCAS Group

Hadirkan layanan pembelian motor listrik bagi masyarakat layak subsidi

Acara Seremonial Kerja Sama Penjualan Motor Listrik Volta di Platform Livin' by Mandiri yang berlangsung pada Selasa (30/5) berlokasi di Plaza Mandiri

Jakarta, 30 Mei 2023 - Bank Mandiri terus menegaskan komitmennya untuk menjalankan bisnis yang menerapkan prinsip-prinsip berkelanjutan yang mengacu pada aspek *environment, social and governance* (ESG). Komitmen ini selaras dengan langkah transisi energi di Indonesia dalam mengurangi emisi karbon, sekaligus menjadi langkah pencapaian netral karbon atau net zero emission (NZE) Indonesia pada 2060.

Konsistensi ini kembali diwujudkan Bank Mandiri dengan perkuatan kolaborasi dengan Volta, anggota dari grup PT M Cash Integrasi Tbk, sekaligus anak usaha PT NFC Indonesia Tbk. Lewat kolaborasi ini, Bank Mandiri bersama Volta hadir dengan solusi kemudahan pembelian produk motor listrik Volta melalui fitur Livin' Sukha di *Super App Livin' by Mandiri*.

"Inisiatif dan kolaborasi ini bertujuan untuk membuat kendaraan listrik semakin mudah diakses dan terjangkau bagi masyarakat Indonesia. Sesuai dengan upaya Pemerintah untuk memperluas ekosistem kendaraan listrik di Tanah Air," terang ujar **Direktur Jaringan & Retail Banking Bank Mandiri Aquarius Rudianto** di Jakarta, Selasa (30/5).

Aquarius menjelaskan, dalam kolaborasi kali ini Bank Mandiri dan Volta semakin memperkuat sinerginya untuk mewujudkan target *net zero emission* dengan mendukung program subsidi motor listrik dari pemerintah. "Dengan menyediakan platform pembelian motor listrik Volta bersubsidi melalui Livin' by Mandiri, masyarakat khususnya nasabah Bank Mandiri yang memenuhi syarat dapat menikmati pengalaman pembelian motor listrik Volta bersubsidi secara mudah dan aman," imbuhnya.

Masyarakat yang memenuhi syarat dapat kini dengan mudah memeriksa apakah mereka berhak mendapatkan program bantuan pemerintah cukup dengan pengecekan NIK KTP dalam aplikasi Livin' by Mandiri. Bila memenuhi syarat, masyarakat lanjut Aquarius dapat langsung melakukan pembelian di aplikasi Livin' by Mandiri. Kedepannya kami juga akan melengkapi dengan beberapa opsi

pembayaran, di antaranya Kartu debit atau kredit Mandiri, angsuran Kartu Kredit, pembiayaan berbasis gaji (*payroll*), dan produk *leasing* suku bunga bersaing di industri.

“Bagi masyarakat yang belum memenuhi syarat untuk program subsidi juga dapat tetap melakukan pembelian dengan berbagai program menarik,” jelasnya. Platform yang fleksibel ini diharapkan dapat menjadi solusi untuk masyarakat yang ingin memiliki kendaraan listrik.

Selain fitur pembelian motor listrik, Bank Mandiri dan Volta juga bekerja sama untuk mendorong adopsi penggunaan kendaraan listrik melalui layanan penyewaan motor listrik Volta (SEMOLIS) dengan menghadirkan program menarik. Ke depannya, ojek *online* pengguna SEMOLIS yang mendaftar sebagai Nasabah Bank Mandiri sekaligus pengguna baru Livin’ by Mandiri akan mendapatkan layanan Sewa Motor Listrik (SEMOLIS) Volta secara gratis selama 2 hari berupa voucher senilai Rp 90.000.

“Kolaborasi ini tidak hanya mendukung inisiatif lingkungan pemerintah, tetapi juga menunjukkan komitmen kami untuk menyediakan solusi keuangan inovatif yang memberikan dampak positif bagi masyarakat. Melalui menu pembelian fleksibel dan kampanye kesadaran tentang program bantuan pemerintah, kami bertujuan untuk mempercepat adopsi kendaraan listrik, berkontribusi pada Indonesia yang lebih bersih dan lebih hijau,” lanjutnya.

Direktur Volta, Iwan Suryaputra, menyampaikan kolaborasi diharapkan dapat menjadi katalis dalam menggenjot efektivitas pendistribusian subsidi motor listrik Volta agar lebih tepat sasaran. Adapun, syarat penerimaan bantuan ini mencakup penerima Kredit Usaha Rakyat (KUR), dan dengan adanya potensi lebih dari 700 ribu penerima KUR Bank Mandiri yang terkoneksi dengan aplikasi Livin’ by Mandiri, motor listrik bersubsidi akan segera dapat dinikmati oleh masyarakat yang memenuhi syarat.

“Kerja sama kami dengan Bank Mandiri merupakan bagian dari komitmen kami untuk mencapai tujuan tersebut, dengan menyediakan pengalaman pembelian motor listrik Volta yang mudah, nyaman, dan aman.” ujar **Iwan**.

Managing Director PT M Cash Integrasi Tbk, Jahja Suryandy, menambahkan sejak pemerintah Indonesia mengumumkan pemberian insentif untuk kendaraan listrik, Volta telah melakukan persiapan yang komprehensif dalam berbagai aspek, termasuk peningkatan kapasitas produksi dan menjalin kerja sama strategis. Tujuannya, meningkatkan adopsi kendaraan listrik dengan memudahkan masyarakat dalam memperoleh motor listrik bersubsidi.

“Sejalan dengan hal tersebut, MCAS Group sangat berkomitmen dalam membangun infrastruktur kendaraan listrik yang masif untuk menghadirkan ekosistem kendaraan listrik yang mendukung solusi mobilitas ramah lingkungan di seluruh penjuru Indonesia,” terang **Jahja**.

Volta sendiri telah memiliki stasiun Sistem Ganti Baterai (SGB) yang tersedia di hampir 300 lokasi di berbagai kota di Indonesia, dan juga telah memiliki lebih dari 100 dealer. Sebagai informasi, sampai akhir Maret 2023 Bank Mandiri telah menyalurkan pembiayaan kendaraan listrik sebesar Rp 143 miliar.

Sementara itu, total portofolio berkelanjutan Bank Mandiri di kuartal pertama 2023 berhasil menembus Rp 232 triliun, yang diperuntukan bagi kalangan UMKM, energi terbarukan dan transportasi bersih. Angka tersebut meningkat dari periode yang sama tahun lalu sebesar Rp 218 triliun dengan porsi mencapai 24,9% dari total kredit Bank Mandiri.

Untuk memperkuat dalam sektor berkelanjutan, Bank Mandiri juga mempersiapkan penerbitan Penawaran Umum Berkelanjutan (PUB) tentang obligasi berwawasan lingkungan berkelanjutan atau green bond dengan target Rp10 triliun. Pada tahap pertama perseroan menargetkan maksimal meraih dana Rp 5 triliun.
